

Conference Announcement

75th ANNUAL TRANSPORTATION RESEARCH BOARD MEETING

Announcing two sessions about **Synthetic Fiber Reinforced Concrete in Transportation Applications**. These sessions will be included in the *75th Annual Transportation Research Board Meeting*, to be held 7–11 January 1996 in Washington, DC.

Committee A2E05, Admixtures and Cementitious Materials for Concrete, is principal sponsor and Committee A2E03, Mechanical Properties of Concrete, is co-sponsor of these sessions.

The committee is soliciting unpublished papers about studies, laboratory and field, on the use of synthetic fiber reinforced concrete in transportation applications. The committee has particular interest in synthetic fibers at low and high volume dosages utilizing various methods of testing to evaluate laboratory properties and field performance.

An abstract, with title, of 300 words or less with keywords accompanied by the author(s) name, affiliation, address, telephone and FAX numbers, and an indication of paper or presentation only, are required. Preferences for selection will be given to author(s) indicating papers. Paper requirements will follow TRB guidelines sent upon acceptance for presentation. Papers must be submitted by 1 August 1995.

Abstracts must be submitted to one of the moderators by 19 May 1995. Acceptance will be mailed or faxed by 2 June 1995.
