## Erratum

In the paper "Stability of Fridel's Salt in Carbonated Concrete Structural Elements," by A.K. Suryavanshi and R.N. Swamy (Vol. 26, No. 5, pp. 729-741, 1996), the chemical equation on page 740 should read as follows:

$$3CaO.Al_2O_3. CaCl_2.10H_2O \leftrightarrow 4Ca^{2+} + 2Cl^{-} + 6OH^{-} + 2Al(OH)_3 + 4H_2O$$
 (1)

$$Al(OH)_3 + OH^- \leftrightarrow Al(OH)_4^-$$
 (2)

The authors apologize for the mistake.
