

4th Beijing International Symposium on Cement and Concrete, Beijing, China. Information: Ms. Su Muzhen, Vice President, China Building Materials Academy, Guanzhuang, Chaoyang District, Beijing 100024, P.R. China.

October 27-30, 1998

### ERRATA

In the paper "Submicron Carbon Filament Cement-Matrix Composites for Electromagnetic Interference Shielding" by X. Fu and D.D.L. Chung (Vol. 26, No. 10, 1467-1472, 1996), all  $\mu\text{m}$  were replaced by mm, and  $(\Delta R/R_0)$  were replaced by  $(DR/R_0)$ . The Editors and Production staff apologize to the authors for these errors.

In the Letter to the Editor by Bryant Mather (Vol. 26, No. 11, 1745) the title should read "Ettringite Terminology" not "Ettringite Technology," and the author's address should read Vicksburg, Mississippi, not Clarksburg, Mississippi. Several other typos also occurred. The Editors apologize to Dr. Mather for these errors.
